

HEALTH& SAFETY SELF-ASSESSMENT QUESTIONNAIRE

Your starting point to assess what you should be doing to comply with health & safety law.

You will probably be aware that the District Council has a responsibility for the enforcement of health and safety legislation in many enterprises in North Devon and periodically we inspect them to determine their compliance with health and safety legislation. High and medium risk businesses are inspected most frequently.

Instead of visiting your premises and taking up your valuable time, we would like to give you the opportunity to complete the attached self-assessment questionnaire and send us a copy. We will then be in a position to not only update our database, but also to give your business an accurate risk rating.

If you do require further clarification, please do not hesitate to contact us on 01271 388870.

Post a copy of your completed questionnaire to:
