- (a) That the building is not of special architectural or historical interest;
- (b) that the matters alleged to constitute a contravention of Section 9(1) or (2) have not occurred;
- (c) that those matters (if they occurred) do not constitute such a contravention;
- (d) that works to the building were urgently necessary in the interest of safety or health or for the preservation of the building, that it was not practicable to secure safety or health or, as the case may be, the preservation of the building by works of repair or works for affording temporary support or shelter, and that the works carried out were limited to the minimum measures immediately necessary;
- (e) that listed building consent ought to be granted for the works, or that any relevant condition or such consent which has been granted ought to be discharged, or different conditions substituted;
- (f) that copies of the notice were not served as required by Section 38(4);
- (g) except in relation to such a requirement as is mentioned in Section 38(2)(b) or (c), that the requirements of the notice exceed what is necessary for restoring the building to its condition before the works were carried out;
- (h) that the period specified in the notice as the period within which any step required by the notice is to be taken falls short of what should reasonably be allowed;
- (i) that the steps required by the notice for the purpose of restoring the character of the building to its former state would not serve that purpose;

- (5) if, where more than one ground is specified in the statement, the appellant does not give information under subsection (4)(b) in relation to each of those grounds within the prescribed time, the Secretary of State may determine the appeal without considering any grounds to which the appellant has failed to give such information within that time.
