Impact

Summarise any positive impacts or benefits, any negative impacts (i.e. potential for discrimination, disadvantage or disproportionate treatment) and any neutral impacts and the evidence you have taken into account to reach this conclusion. Be aware that there may be positive, negative and neutral impacts within each characteristic. (NOTE: please refer to the Equality Strategy for the characteristics) Where an impact is unknown, state so, and identify what steps will be taken to address any gaps in data:

Positive impact:

The Disabled Facility Grant programme has been included up to 2022-23 year (subject to annual confirmation of external funding from Better Care Fund).

There is no planned reduction to the funding level of Strategic Grants paid by North Devon Council for 2022-23 and maintains current funding levels; where there was originally a planned reduction outlined in the previous Medium Term Financial Strategy.

The proposed increase to Council Tax is across the whole district and is a neutral impact as this affects all the Council Tax payers.

Consideration of Alternatives

Describe what alternatives have been considered and/or what actions will be taken to remove or minimise any potential negative effect identified above (attach evidence or provide link to appropriate data, reports, etc):

The Disabled Facility Grant scheme will continue to be monitored to ensure we can allocate the full amount of grant allocated to us from the Better Care Fund.

Consultation

Brief description of any consultation with stakeholders and summarise how it has influenced the proposal. Please attach evidence or provide link to appropriate data or reports:

The draft budget has been produced and report has been written in consultation with all budget holders and Heads of Service. Service Plans have been produced by each Head of Service and taken through Senior Management Team and scrutinised at Policy Development Committee in January 2022.

Consultees of report going to Strategy and Resources committee 7 February 2022.

Monitoring Arrangements

Briefly describe the monitoring arrangements/systems that will be put in place to monitor the effects of this proposal:

A quarterly performance and financial management report will be produced for Strategy and Resources Committee, Policy Development Committee and then onto Full Council; this report will detail monitoring against the approved budget.

External Audit carry out a Value for Money conclusion as part of their audit of financial statements and will report on the financial position against balancing the Budget and Medium Term Financial Strategy budget gaps.

Reporting and Publication

Equality Impact Assessments will be published on North Devon Council's website.

Date published:

NOTE: The completion of an Equality Impact Assessments is an ongoing process.
